

Welcome in the Uilenburgersjoel!

This beautiful old synagoge, traditionally the heart of the Jewish community on Uilenburg, has always been the place where memorable moments were celebrated together. The sjoel is available for everyone to celebrate and enjoy. Many receptions, concerts, dinners, meetings, weddings, memorials, bar mitzva's and presentations take place in the sjoel every year. This is a place for the precious and memorable moments we want to share. A place for the memories of tomorrow.

Uilenburgersjoel

Uilenburgersjoel

A place for the memories of tomorrow.

The Uilenburgersjoel is an historic monument that was built in 1766 as synagoge for Jewish religious services in. During the following 175 years the building was in function as a synagoge in the Jewish quarter on Uilenburg, a small island within the old city. It is one of the few remaining original buildings on the island that has been preserved. After the second world war the building was used for different purposes, since almost the entire jewish population of Uilenburg was deported and murdered in WWII. At the start of this century the City of Amsterdam handed over the sjoel to the Stichting Uilenburgersjoel. This foundation brought the building back to live: it was restored in its original state with some modern adjustments. Now this beautiful old synagoge is a cultural meetingplace for a variety of meetings and events.

The Stichting Uilenburgersjoel wants to offer a space for any type of meeting or event, with an emphasis on jewish culture and heritage. We also want to be a platform for jewish and non-jewish social, cultural and educationtional activities. Keeping thus alive the memory of the once very large jewish population on Uilenburg and continue to do so in the present and future.

Organising your event in our sjoel is a way of supporting the Uilenburgersjoel.

Uilenburgersjoel Catering

Many events in the sjoel have a link with Judaism. And many of them don't. And they don't need to be. The sjoel is open for everyone. Kosher catering is therefore not obligatory, but it is possible of course. We work with several caterers, kosher and not kosher. They have in common that they serve top quality food and offer great service. Each with their own style and speciality. We would gladly advise you which caterer will be the best match for you and your guests.

Kosher food is not a necessity, but we do ask all caterers, out of respect for the history of the building and other users, not to prepare or serve pork, shellfish or crustaceans in the sjoel.
